

Tony & Laurie

- Pray for God's provision of support (prayer and financial), as they are traveling to visit possible supporters & churches.

Tim and Marcia Monahan

- Their goal and hope is to soon turn the Italian ministry over to Italian pastors. Three men currently now share the preaching and teaching responsibilities and are partially supported by the church. Tim also plans to turn over more of his pastoral ministries of the church to others and transition into leadership development only. Tim serves as the lead pastor for the Il Faro International Baptist Church in Naples. Marcia works primarily in the women's, and youth ministries, teaching Bible studies and welcoming women from the various countries to Naples, Italy. Tim is also the founder of Instituto Biblico Cristiano which teaches and develops church leaders who do not have the opportunity to attend Bible schools or seminaries.

Jim and Jan Mulvihill & family –

- Jan's sister-in-law, Barbara Silver-Haag, passed away last Thursday, Aug. 20th. She was married to Jan's brother, Dale of Sanford, FL. Please pray for him as he adjusts to the loss of his wife.
- Their son James, will begin attending Pensacola Christian College in Florida. Pray especially for the Lord to assign the right roommate for him – that they would be a great match for sharing a room together and adjusting to college life. Jan will be leaving Aug. 27 to help Jamie get settled in, pray she will also have time to visit her brother, Dale.
- Pray for their school ministry in Belize– God's providing of available schools, classes, the continuation of the Mailbox Club Lessons. Jim usually teaches these classes.
- Good News Clubs to begin mid September – plans are for 7 clubs to be held. Pray for God's leading and wisdom for these clubs.
- Their daughter, Janelle, begins 10th grade in September

Rachel Martin – TouchGlobal - HIV and AIDS Ministries

- American Foundation for Children living with AIDS (AFCA) is partnering with us to help 150 children who are HIV positive. All of these kids have been diagnosed in our testing and counseling site, with Pastor Deolo praying with and encouraging them and their families. An antibiotic daily will be provided to these kids to help prevent infections. Two of these kids are pictured here. This is only the beginning in meeting their needs... many of them are orphans, not in school, malnourished, with many emotional and spiritual needs. Thank God for this progress, and pray for these dear children.
- AFCA will also be training around 300 nurses and traditional midwives, partnering with Tandala staff and Pastor Deolo, to help prevent the transmission of HIV from mother to baby. A new lab is being built at Tandala Hospital, which will enable our staff to better follow HIV cases and be recognized by the Congolese government to care for and treat those with AIDS.
- Choose Life Club leaders continue to receive training. Pray for these clubs as a new school year starts in September. Pray that thousands of high school kids would join a club at their school, and that the Biblical truths of following God and His principles would transform their lives and give them a future without AIDS.

Steve and Jane Wheeler

- Pray for seminar coming up in October on how to drug proof your kids.
- Pray for English immersion visits to the States and to English families in Montreal – these are for kids who have attended English camps and are starting to ask questions about Christianity. The English camps are advertised as non-religious and that is a promise that is kept to the parents. So later they are sent to homes of English team members in the States for further English immersion.
- Pray for the development of a Bible interpretation course for non-believers and new believers. Pray for the development of a course in character development.
